ANTIOCH, ILLINOIS, THURSDAY, OCTOBER 26, 1967

VOL. LXXXII. NUMBER 18

Antioch's weather reporter and his son Robert. That's a rain gauge between the two Robinson's.

"Mushrooms? I'll Take Statistics." Says Robinson

Tom Robinson, Antioch's new weather observer, would like to believe Dr. Charles Solar's Fearless Forecast for this winter, but he thinks maybe it's wishful thinking. Robinson says he doesn't claim to be an expert at weather predictions but he thinks maybe facts and figures about past winters will give us a better idea of what the coming winter will be than any long-range predictions.

The State of Illinois is divided into nine divisions for Weather Bureau purposes, Robinson reports, with each division having at least ten stations reporting weather data (with instruments, no mushrooms, Robinson points out).

Lake County is in the northeast division. This division has the highest average snowfall in the state. In addition to Lake County, it includes McHenry, Boone, DeKalb, Kane, DuPage, Cook, LaSalle, Grundy, Will and Kendall counties.

The average winter snowfall in the division from 1931-60 was 28.6; from 1961-65 it was 33.1. From 1961-65 it was 35.2.

Mr. Robinson also gives us some figures on Antioch's snowfalls through the years. In the winter of 1909-10 it was 47.0 inches; 1917-18, 60.6; in 1942-43, 51.3; 1951-52, 65.1; 1959-60, 55.3; 1961-62, 54.6; 1964-65, 59.3; and 1966-67, 48.4.

To give you an idea of the snowfalls in each month last winter, there was a trace in November; 10.5" in December; 13" in January; 16.9" in February; 6" in March; 2" in April and a trace in May.

"So, whether you check the mushrooms or the fish," concludes Mr. Robinson, "I think we can expect around 50" of snow this season, and when Grampa sez "Winters ain't what they used to be," ain't so, they're getting wilder. However, we have the equipment now to get rid of it faster."

In spite of a fairly good grounding in meteorology, Robinson claims no ability as a weather forecaster. He became official weather observer for the Antioch area when Roy Kufalk decided he could no longer maintain his weather reporting service.

He has the weather station in the yard of his home on the north shore of Channel Lake. The equipment includes a minimum and maximum recording thermometer and a rain measuring gauge. The "weather day" is from 6 p.m. to 6 p.m. As he leaves for work at 4:50 a.m., his wife Shirley phones the early morning reading in to WKRS.

Robinson works in Chicago with his father, a manufacturer's representative for industrial boilers. As he drives in to Chicago in the early morning hours each day, he has frequently offered to inform Chicago radio stations of road conditions for the information of early-to-workers in this area. So far, he has been unable to get this information on the air.

He gained his information on meteorology and an interest in weather conditions as a pilot during World War II. A course in meteorology is a requirement of pilots' training.

Weather observers get no pay for their work. In addition to furnishing the local

radio station with a daily report of temperatures and precipitation, Robinson sends a report to Champaign weekly and to the U. S. Dept. of Commerce at Asheville, N. C., monthly.

Depth of snowfall in the winter is not quite so easy nor accurate as the rain amounts. The weather observer is advised to make his best "Guestimate" via several methods. He puts out four or five pieces of plywood in his yard, which are swept clean at the end of each 24 hour period. Snow depth, daily is measured in these spots.

He keeps a record of snow depth on the ground, and measures the depth of the new snow that has been added. By averaging out his several figures, he should gain a fairly accurate estimate of the snowfall.

The accuracy depends a good deal on the zeal of the weather observer, Robinson points out. The more measurements you make, the more accurate should be the final figure. This allows for drifting, melting, etc.

Robinson would like to see more equipment added to his weather station — a wind gauge, for example. Robinson and his wife, Shirley, have two sons — Thomas John (known as T.J.) 11 years old, and Robert Allen, 8. Both boys attend Antioch Grade School.

Shirley is a school bus driver for the Special Education district. As such, she has more than a passing interest in weather conditions. Women bus drivers are rare, but Shirley says she enjoys her work.

Robinson won't make a guess at what tomorrow's weather will be but he can tell you exactly what the weather was yesterday. Or last year at this time. And, in general, that will probably give you a pretty good idea of what to expect.

ACHS Board Explores Needs Of Addition

The Antioch Community High School Board Wednesday night explored the question of the size of the addition which will soon be needed on the High School.

Superintendent Albert Dittman reported that the present enrollment is 1,064, the capacity of the school, Board member W. E. Petty reported on a study he had made of the projected growth of the High School district by 1975.

Antioch High School district takes in most of Antioch Township, part of Lake Villa Township and a sliver of Newport. Mr. Petty estimated that the 1975 population of the district would be about 29,000.

A study of statistics showing the current enrollment in the grade schools which feed into the Antioch High School, made by Mr. Dittman, shows the projected enrollment in the high school in 1975 to be 1,414.

The High School Board has for some time been purchasing property to the north of the high school, as it became available, from the Building Fund, with an eye to the need for expansion.

In other business, the board accepted the bid of the Antioch Landscaping Service to landscape the property in front of the high school. Mrs. Helen Kopriwa and Dr. Albert Bucar will work with the landscaper on plans.

FIRE DRILL
Students cleared the building in two minutes last week during a Fire Drill held for Fire Prevention Week. Antioch firemen were present to observe the drill and were pleased with the speed with which the school was cleared.

Firemen also inspected the building for fire hazards. A written report from Fire Chief Maplethorpe after the inspection stated that conditions were satisfactory. Fourteen staff members

HOW ABOUT IT?

Would you like to see a Historical Room added to the plans for a new library for Antioch Township?

Several residents have expressed the wish that such a room would be included in plans for the new library, and have asked us to try to get opinions from other residents.

The Historical Room would be used to house books and documents related to the early history of the area, many of them now moldering in attics. It could also be used for display of early pictures or any artifacts donated by residents that would be of value in depicting early history.

If you're interested, please drop us a line. The letter will be published, unless you request otherwise.

Bronze Star To Pfc. Edward Goelz

The Bronze Star was awarded posthumously to Pfc. Edward C. Goelz last week.

The medal was presented to Pfc. Goelz's parents, Mr. and Mrs. William Goelz, last week at their home at Indian Point near Antioch. The Purple Heart had previously

been awarded to Pfc. Goelz. The Bronze Star was awarded to Pfc. Goelz "for distinguishing himself by outstanding meritorious service in connection with ground operations against a hostile force in the Republic of Vietnam during the period from May, 1967, to July, 1967."

Pfc. Goelz was killed in Viet Nam on July 26. He was a graduate of Antioch High School. He is survived by his parents; one brother, James, and three sisters, Georgia L., Ginger L. and Gloria.

Toft Finds Way To Lower Pond Cost

Mayor Raymond Toft is hopeful that he has found a solution to the problem of the high cost of excavating for the polishing pond which the village must build near the sewerage plant.

Toft thinks he has found a contractor who will relieve the village of the major part of the cost of excavating and hauling away the dirt. The contractor will shoulder this part of the expense in return for the use of the dirt for fill.

The village board was stunned at the last meeting when presented with engineer's estimate of the cost of the pond. The final estimate was about triple first estimates. A major portion of the expense was excavating, and removal of the dirt.

Toft estimated that the co-operation of the contractor in the dirt removal would reduce the cost of the pool by about one-third. The dirt would be used for fill in a nearby subdivision.

Excavating will probably be done this fall, depending on the weather. Completion of the pond will probably have to wait until spring, Toft said.

REMARKS: The past week was good for most everything — hedge trimming, fishing and mushroom picking, but Tuesday left us with some rain and strong winds from the northwest.

Pumpkins galore, all waiting to be carved into fearsome Jack O' Lanterns. Last Sunday was a perfect day to get out to one of the many pumpkin farms and pick your favorite size and shape for carving.

FOR A MERRY CHRISTMAS FOR ANTIOCH SOLDIERS. Left to right, Harry Brehen and Postmaster Joseph Wolf receive a stack of Vietnam stickers from Harold Gaston of The Antioch News. The seals will be sold to provide Christmas packages for Antioch area soldiers in Viet Nam.

Plans For Christmas Gifts For Soldiers

The men at the Antioch Post Office, who guide the destinies and do the work of conducting Project Viet Nam, have added a new ramification through which they hope to raise enough funds to send a special Christmas package to each Antioch soldier in Viet Nam.

The new project is seals to be used on envelopes, packages or what-have-you. The seals carry much the same design as the Vietnam envelopes which have sold so well.

The envelopes are strictly non-profit, designed to lend moral support to the war effort. The stickers will be donated by Harold Gaston of The Antioch News and will be sold at local stores. All the proceeds of the sticker sales will go into a special fund to provide a special Christmas package for each Antioch area soldier in Viet Nam.

Postmaster Joe Wolf and

Rob Salem Post Office Of \$8,800

The Salem Post Office was broken into and robbed of \$8,800 early Sunday morning.

Charles H. Petersen, postmaster at the Salem post office, said \$800 in cash was taken, the balance in stamps of all denominations.

The break-in occurred between 1 a.m. and 4:10 a.m. Sunday. It was discovered at 4:10 by deputies of the Kenosha County sheriff. They reported that they had checked at 1 a.m. and found everything all right. In a routine check at 4:10 a.m., they found the back door open and the light out. The inside doors had re-locked after being closed but with flashlights they could see the open safe, where it had been moved to the back of the postoffice.

Between the 1 a.m. and 4 o'clock check, the deputies had answered a fire call near Trevor, where a barn on an abandoned farm had burned down. The postmaster theorized that it was possible that the fire had been "set" as a distraction.

Deputies called Postmaster Petersen to unlock the inner doors. The lock on the outer doors had been broken smoothly, Petersen said, and the "safe" peeled open like an orange. The layers of metal were just peeled off. It was a very professional-looking job. I don't think any of our local boys would have the tools or know-how to do this."

Federal inspectors are investigating the break-in.

Tom Furlan

Harry Brehen are hoping that enough of the stickers will be sold so that \$10 can be spent on each soldier's Christmas package. They hope to find out from mothers of the boys what personal preferences each might have, so that each gift package will be personalized.

The seals will be on sale late this week or early next week. They are an attractive three-color design in blue, white and red.

The seals will be sold at the Antioch News office and at other local stores and business places, for 50c for a card of 32.

The name of another Antioch area soldier can be removed from the list of those in Viet Nam this week — Cpl. Wayne M. Knetter of the 2nd Marine Div. Wayne wrote to the Postmaster last week.

Daylight Saving Time Ends Sunday

Daylight Saving time ends Sunday, October 29. Don't forget to set your clock back Saturday night or Sunday morning.

This is the weekend when we gain back that hour of sleep we lost last spring. Daylight saving time actually ends at 2 a.m. Sunday.

So set your clock back one hour when you retire Saturday night, or Sunday morning, and you'll be in time with the rest of the area.

If it's a striking clock, you had better just stop it for an hour.

ATTENTION, TRICK OR TREATERS!

Attention, all trick-or-treating ghosts, goblins, witches, etc.

Mayor Raymond Toft has announced that Trick or Treat activities will be confined to one day and evening in the village — Tuesday, October 31. Police will enforce the prohibition against trick or treating on other days.

Dear Friends:
I have finally gotten out of Vietnam. It feels real good to be back in the states. I want to say "Thanks" for all of the packages which I received while I was there. Everything came in handy. It was a good feeling knowing that the people here take some time out for us G.I.'s over there.

So again many "Thanks."
Sincerely yours,

G. Borovicka Dies Suddenly

George E. Borovicka, 56 years old, of Depot St., Antioch, passed away suddenly at 8 a.m. Wednesday, October 25, in his home from a heart attack. Mr. Borovicka had lived in Antioch since 1940.

He was born Sept. 11, 1911 in Chicago. He and his wife purchased Reeves Drug Store in Antioch in 1942.

He held membership in the Antioch Loyal Order of Moose No. 525 and was a member of the Legion of the Moose. He was an honorary member and photographer for the Antioch Fire Department. He was a member of the National Association of Retail Druggists, the Illinois Pharmaceutical Association and the Chicago Retail Druggist Association.

He married Helen Cribb on October 2, 1940, in Duquene, Iowa. Survivors are his wife, Helen, and his parents, Joseph and Rose Borovicka, all of Antioch.

Funeral services will be held at 2:30 p.m. Friday at the Strang Funeral Home in Antioch. Interment will be in Angola Cemetery at Lake Villa. Friends may call at the funeral home after 2 p.m. Thursday. Memorials may be given to the Antioch Rescue Squad.

Time Out For Childhood

Hallowe'en has rolled around again, the time for pranks and witchery, for bands of light-hearted little ones to turn into fearsome witches and ghosts and roam through the night.

Hallowe'en is a changing holiday. While still keeping to the tradition of pranks and of "dressing up" in costumes, its observance changes as our way of life changes.

"Trick or treat", as it is now practiced, is a comparatively recent custom. It was supposed to do away with window-soaping and more drastic pranks, but has not really accomplished its aim. Inevitably, it has been overdone, with children vying with each other to see who can collect the most "loot" until now some homeowners find it a burden.

As the population increases and traffic becomes faster and heavier, trick or treating becomes more dangerous. Before too many years pass, this custom, too, may dwindle away.

Perhaps it will be supplanted by a move back to the home, to costume parties and party "goodies". It would be rather sad to have to take from children this chance to roam fearlessly through the frightening, ghost-ridden night with their friends, for this night free to exact tribute from adults, to pretend they are no longer little boys or girls but enchanted creatures who have left their everyday world.

Somehow, we're sure, children will always find a way to keep Hallowe'en alive.

Repeal Tax

The Illinois Assembly hastily changed its mind about increasing inheritance tax laws (and made its action retroactive) after a swelling chorus of screams of anguish from constituents of the lawmakers.

They ignored, however, the equally anguished chorus from the sick in regard to the sales-service tax on prescription drugs. Maybe the sick can't scream as loud.

These were two unpopular moves on the part of legislators in their mad scramble to find tax money somewhere while avoiding the income tax. It hardly improves the public image of a legislator to slap taxes on the sick, on widows and orphans, while avoiding the obvious solution to their tax problems, the income tax. At the same time, they raised the sales tax, which again insures that the low income family will pay at least as much of the tax as the higher-income family.

Unless the State can drastically cut expenditures, and they certainly don't seem to be moving in that direction, a state income tax is inevitable. Legislators should have the courage to do what must be done. Hastily imposing unwieldy, unjust stopgap measures makes them faintly ridiculous.

Your Congressman Reports....

By Cong. Robert McClory

A proposed Federal law to sharply restrict the sale of firearms is expected to be recommended soon by the House Judiciary Committee. This news will surprise many who have watched and waited patiently on the sidelines while this issue has been debated for more than two years in the House and Senate Judiciary Committees, as well as in public discussions around the country. Even the most outspoken adherents to the constitutional principle embodied in "the right to bear arms" (Article II of the U. S. Constitution) seem to favor some reasonably restrictive measures which would make it more difficult for criminals and incompetents to obtain pistols and rifles. According to F.B.I. Director, J. Edgar Hoover:

"... mail-order firearm purchases should be banned, interstate transportation of firearms controlled, and local registration of weapons required and enforced."

"There is no doubt in my mind that the easy accessibility of firearms is responsible for many killings. Strong measures must be taken, and promptly, to protect the public."

"The constitutional limitations, contained in Article II of the Federal Constitution, appear to impose no impediment to the proposed Federal firearms act."

Under the Administration measure (H.R. 5384) all mail-order sales of "handguns" as well as "long guns" (rifles and shotguns) would be prohibited. Even over-the-counter sales would be forbidden to nonresidents and persons under 21 years of age, (in the case of handguns) and to persons under 18 (in the case of rifles and shotguns). The Administration measure also provides for Federal licensing of dealers and manufacturers of firearms and makes these licensed individuals or concerns responsible for complying with the strict provisions of the law. Under an amendment offered to the bill a state may exempt its citizens from the prohibition against mail-order sales of rifles and shotguns by a specific act of the state legislature. However, the blanket prohibition against mail-order sales of pistols and revolvers could not be removed by any state legislative act.

A more moderate bill is sponsored by Representatives Edward Biester of Pennsylvania and Thomas Railsack of Illinois. The alternative measure would permit mail order sales of both handguns and long guns providing state laws permit such sales. In addition, dealers in firearms would be required to obtain detailed affidavits acknowledged before municipal police officers or sheriffs in the area where the purchaser resides attesting to the age, character and responsibility of the prospective gun purchaser.

According to Congressman Biester: "This measure places direct responsibility upon the local law enforcement officers and gives assurance of closer surveillance of those persons in the community who possess firearms." The logic of this statement must not be underestimated when one contemplates the complicated task of policing the annual sales of more than two million firearms of every type and description.

The Biester-Railsack bill would undoubtedly assist communities such as the City of Washington, D. C., where it was disclosed in recent congressional hearings

bake up a storm, make it pay off.

Subcommittee Votes McClory Mon. Holiday Bill

A House Judiciary Subcommittee on October 19 recommended favorable action on a Uniform Monday Holiday bill which would establish five national holidays on Mondays. The measure, sponsored by Congressman Robert McClory of Illinois, would omit Christmas Day and New Year's Day from its provisions and redesignate George Washington's birthday as Presidents' Day, to be celebrated on the third Monday of February; Memorial Day, on the last Monday in May; Independence Day, on the first Monday in July; Veterans' Day, on the last Monday in October; and Thanksgiving Day, on the fourth Monday in November. Labor Day, which is already a Monday holiday, would remain on the first Monday in September.

In order to give state legislatures an opportunity to follow the proposed Federal pattern and to permit labor contracts and other organization programming to comply with the proposed changes, effective date of the measure would be January 1, 1970. Postponing the effective date of this legislation would also enable calendar manufacturers to prepare their calendars for the year 1970 in order that the public will be accurately advised as to the dates of national observances.

The U. S. Chamber of Commerce and numerous other organizations, including both labor and management groups, have expressed strong support of the Uniform Monday Holiday concept. A similar measure sponsored by Senator George Smathers of Florida, is pending before the Senate Judiciary Committee.

The House bill now goes to the full Judiciary Committee where a lengthy discussion is anticipated primarily with respect to changes affecting George Washington's birthday, about which Members from the State of Virginia are particularly sensitive, and Thanksgiving Day which some New England traditionalist Congressmen feel should continue to be celebrated on Thursday.

Earlier in the session, testimony before the House Committee brought out that George Washington's birthday was originally February 11, and not February 22, the date upon which it has been originally celebrated. The adoption by Congress of the Gregorian Calendar in 1791 had the effect of changing Washington's birth date. Testimony also showed that Memorial Day has been celebrated on various days other than May 30, and that the Declaration of Independence was actually adopted on July 2, and not July 4, and that signatures to the Declaration were affixed on July 17 and at other later dates.

The original day for celebrating Thanksgiving is uncertain, but the Pilgrims may have celebrated it on a Monday. President Roosevelt created a small furor in 1936 when he undertook to move Thanksgiving Day from the fourth Thursday in November to the third Thursday and the pending bill would change the Thursday celebration to the fourth Monday in November.

Congressman McClory, sponsor of the measure which the Subcommittee has approved, predicts favorable action by the full Judiciary Committee and is hopeful that the House will have time to act on the measure before adjournment of the first session.

Following the committee approval, Mr. McClory de-

clared: "This action is responsive to the overwhelming public demand for establishment of uniform Monday holidays. This is one measure which should impose no additional burden on the taxpayer and should benefit every family in America."

The F.B.I. reports that 3.2% of the major crimes in the country are committed with the use of firearms, including 57% of the more than 10,000 murders perpetrated each year.

A Federal law, such as the House Judiciary Committee will recommend, should make it harder for many would-be criminals to obtain firearms. It is an essential weapon in the arsenal of the War Against Crime.

Frank Roblin
Injured At Work

Frank Roblin, the son of Mr. and Mrs. Leonadd Roblin of 913 David St., Antioch, is in Victory Memorial Hospital recovering from injuries he received last Wednesday, October 18.

Frank was injured while at work on road construction near Highland Park. A road grader ran over his foot and ankle.

He was taken to Highland Park Hospital by the Highland Park Rescue Squad, then removed to Victory Memorial.

A week after the accident,

Frank's parents reported that the cast would be partially removed from his foot to allow doctors to determine the progress of healing. His foot had been crushed by the grader.

Frank was attending college and also working on the highway under a program recently initiated by the State Highway Department to develop engineers for the department. He is a graduate of Antioch High School.

St. Stephen To Celebrate Reformation

St. Stephen Lutheran Church of Antioch, Lutheran Church in America, is co-operating with the American Lutheran Church and the Lutheran Church, Missouri Synod, in celebrating the 450th Anniversary of the Reformation. A series of outstanding programs, plays, worship services and special events have been occurring throughout the year.

The Reformation date, October 31, 1517, makes October particularly significant for celebration. On October 14, the Chicago Symphony played a concert in honor of the Dedication of the new 7.5 million dollar Lutheran School of Theology, one of 10 seminaries of the LCA. The school is located next to the University of Chicago which enables students to study in the University climate. Dedication of the School of Theology took place on October 22nd. Dr. Franklin Clark Fry, President of the LCA, and former president of the 75 million Lutheran World Federation, was the featured speaker. The dedication was a highlight in the Reformation Anniversary celebration.

Many other events will take place this Sunday in the Chicago area. Young people from St. Stephen will attend a Folk Song Mass: Missa Bossa Nova, to be put on by 40 Negro teenagers from St. Brendan's Roman Catholic Parish on Chicago's South Side, 7:00 p.m. at Rockefeller Chapel, University of Chicago. The program is sponsored by the Lutheran Board and Campus Parish at the University. Consult your Chicago paper for information on this and other events scheduled.

The climax of the year will come on Nov. 5 when all co-operating Lutheran bodies will meet in the Amphitheater at Chicago. Each congregation has been invited to carry a large banner depicting a Biblical symbol or message. Members of St. Stephen will have an opportunity to see their church represented in the procession. Guest speaker for the event is Hans-Lilje, Bishop of Germany. Anyone interested in more information on these events may call Pastor Wilton Anderson, St. Stephen Lutheran Church, Antioch. St. Stephen is affiliated with: Lutheran Church in America, Lutheran Council in the U.S.A., Lutheran World Federation, National Council of Churches of Christ, and The World Council of Churches.

High School P.T.A. Plans Full Program

The Antioch High School P.T.A. has planned a full and interesting evening for its meeting Wednesday, Nov. 1, at 8 p.m.

Pat Denman, president of the Future Teachers of America, will explain briefly what the F.T.A. is planning for its contribution to American Education Week, from Nov. 5 through 11. The question under scrutiny for American Education Week will be "How Good Are Your Schools?"

The Color Guard will present colors and vocal selections will be presented by students of Ralph Brooke, Choral Director at Antioch High School.

The highlight of the evening will be the program, "Innovations in Teachers and Technique", presented by Donald Drake, audio, visual coordinator for Antioch High School. Mr. Drake will demonstrate and illustrate some of the progressive equipment and methods used in making a tape for closed circuit television.

Refreshments will be served after the program.

For this special show, the doors will open at 1:30 p.m. on October 28. The movie, "Misty," begins at 2 p.m. followed by cartoons and other features.

ATTEND MEETING IN NORTH CHICAGO

Four members of the Antioch Woman's Club attended a meeting of the Lake County Federation of Women's Clubs at the North Chicago Library in North Chicago October 18.

The four who attended are Mrs. Joseph Horton, president of the Antioch Woman's Club; Mrs. Norman Jedele, Mrs. Donald Purdy and Mrs. Myrus Nelson.

Mr. and Mrs. Carol Nelson of Canton, Ill., and Mrs. Hazel Peters of Moline were recent guests of S. Boyer Nelson and son, Harold.

Mrs. Charles Watson, Mrs. Ada Overton and Mrs. Harry Doose were guests of Mrs. Carl Johnson and Mrs. Robert Kelly at Edina and Channahon, Minn., over the weekend.

McAllisters Moving To Florida

Mr. and Mrs. Robert McAllister, who left Antioch last Tuesday to make their home permanently in Florida, were guests of honor at several parties and dinners hosted by their Antioch friends.

A farewell reception was held at the Antioch Methodist Church between the two morning services to give the McAllisters' many friends a chance to say good-bye to them. At the same time, they were honored with an anniversary cake in honor of their 40th wedding anniversary Sunday.

Mrs. McAllister was guest of honor at a meeting of the Ladies of the Alice and Gertrude Circles of the W.S.C.S.

During the past week, the McAllisters were entertained at dinner by the Rev. and Mrs. Donald Cobb, by Mr. and Mrs. George Good, Mrs. Edith Ries, Mrs. Dortha Chapp and by Mr. and Mrs. O. W. Turner.

The McAllisters have lived in the Antioch area sixteen years. They were at Allendale School for one year, and Mrs. McAllister was a secretary at the school for eight years. In recent years, Mr. McAllister has concentrated on his chicken farm.

The McAllisters planned to travel first to Evanston, then to Alma, Michigan, for the 50th reunion of Mr. McAllister's class at Alma College. They will then go to Grand Rapids, Mich., to say good-bye to relatives there.

Finally, the McAllisters will go to Bradenton, Florida, and visit friends while they look for a home.

Mr. and Mrs. A. R. Peterson, 713 Lake Street, plan to leave Antioch this weekend for Hollywood, Florida, where they expect to spend the winter.

Mrs. H. J. Brogan, 1014 Spafford Street and Mrs. Lester Osmond Sr., returned home Saturday after spending a week with Mrs. Brogan's son, Robert and family at Gibsonia, Pa.

The more we know, the more we know we don't know.

OES Members Attend Dinner

Several members of Antioch Chapter, Order of the Eastern Star, attended a dinner at the Swedish Glee Club honoring the newly installed Worthy Grand Matron, C. Register Gun Owners, Not Guns

Ross V. Randolph, director of the Department of Public Safety, said today there appears to be considerable confusion in the minds of the public on the new gun owner's registration law adopted by the General Assembly last spring and effective July 1, 1968.

"The new law provides for the owners of guns to register, and does not provide for gun registration at all," the director explained. "Anyone who owns one or more guns, regardless of the type of guns, must be registered and possess a firearm owner's identification card which will be issued by the Department of Public Safety. Every gun owner must be registered by July 1, 1968,

the director said.

"In addition," the director said, "no gun of any kind may be transferred, nor any ammunition of any kind may be transferred to any person within the State of Illinois unless the transferee—the person to whom the gun or ammunition is transferred—has a currently valid firearm issued in his name by the department."

Director Randolph said that upon the transfer of any firearm to any other person, the owner must keep a record of that transfer for a period of at least ten years, containing the date of the transfer, the description, serial number or other information identifying the firearm if no serial number is available on the firearm; and, if the transfer is completed within the State of Illinois, the transferee's (new owner) Firearm Owner's Identification Card number must also be included in the information retained by the seller.

"One thing I would like to stress," Director Randolph said, "is the fact that every application for such a registration identification card must be accompanied by a recent photograph of the applicant. It would be convenient for the applicant to obtain a photo similar to those used on passports," the director suggested.

Other detailed information for the application will be provided as soon as the plans are completed for the start of the registration, Randolph said.

diers, he's delighted to be back home and not sorry to end his army career.

Tom made a call at the Antioch post office shortly after his return home to thank Postmaster Joe Wolf and the rest of the post office personnel for the packages he received through Project Viet Nam while he was overseas. All the men who received them, that he had talked to, he said, were delighted with the contents and grateful. "They're a great morale-builder," he said. "Of course, we shared them with other fellows, and they were all envious that our home town was so thoughtful." Tom found the Kool Aid, writing paper and pens most useful, he thought, although everything in the packages was welcome and used.

Tom was stationed at Cam Ranh Bay. He was with the 403rd Transport Div. His job was hauling ammunition. They were under enemy fire practically every trip, he said, but it was rarely damaging.

While in Viet Nam, Tom met Thomas Griffin of Antioch. He was based about two miles away from Tom's base.

New Director Of Nursing Services

Appointment of Miss Claire Burke, R. N., as Director of Nursing Services of the Lake County Health Department was announced today by Dr. John J. Ring, Acting Director of the Department. Miss Burke comes to Lake County from Schenectady, New York, where she was Supervisor of Home Health Aides with the Visiting Nurse Association of Schenectady.

Miss Burke received her nursing education at Mount Sinai Hospital School of Nursing and Columbia University in New York. She has the Masters degree in Health Education and Nursing from Teachers College, Columbia University, New York.

Previous professional positions held by Miss Burke include: Nursing Supervisor and Inservice Coordinator, Sunnyview Rehabilitation Center, Schenectady; Chief Nurse, Blood Program, American Red Cross, Philadelphia; Administrator of the Central Service for Chronically Ill of the Health and Welfare Council, Philadelphia; Nurse-Teacher in New York schools; and Public Health Nurse with Brooklyn Visiting Nurse Association and Henry Street Visiting Nurse Service of New York City. During World War II Miss Burke served as a Public Health Nurse with the European Civil Affairs Division.

At the Health Department Miss Burke will direct the staff of 22 nurses, physical therapist and technicians in a program of home, school and community services provided for Lake County citizens. These programs include maternal and child care; school health; services for physically and mentally handicapped; disease prevention and control; and health education. By contract with Community Nursing Service of Lake County, Inc. some 400 nursing and therapy visits are made each month to Lake County patients needing home care. Consultation nursing assistance is given in Lake County Nursing Homes for the Aged and facilities providing sheltered Home Care and care for the Mentally Retarded, Coordination of community health and welfare resources for Lake County patients is a major role of the Nursing Division.

Miss Burke comes to the position formerly held by Miss Robah Kellogg, R.N., who has resigned to accept new responsibilities soon to be announced.

improve conditions in Viet Nam in the twelve months he was there, Tom said. Roads that were rough dirt trails when he arrived are now paved. The army has been building homes for the Vietnamese. The materials are supplied by the government and volunteer soldiers supply the labor in their spare time.

The homes and other help are not appreciated nor cared for by the Vietnamese. Tom said. Used to dirt and squalor, they allow the homes to deteriorate quickly.

Medical help is also given to the natives by the army. One day a week is set aside, Tom said, to dispense vaccines and other medical aid to the people.

Tom is the son of Mr. and Mrs. John Furlan of Antioch. He graduated from Antioch High School in 1963 and was on the football team.

Tom is leaving soon for Peru to visit his fiancée, Jane Wolff. Jane is teaching in Peru as a member of the Peace Corps.

After his South American trip, Tom will return to Southern Illinois University. He had completed a year and a half of his studies when he was drafted.

Aliens Must Register

Postmaster General Lawrence F. O'Brien said today that all post offices will again participate in the annual address reporting program for aliens during the month of January, 1968.

The 32,000 post offices in the 50 states, Guam, Puerto Rico and the Virgin Islands, will participate by making available address report cards for submission to Immigration and Naturalization offices.

The Immigration and Nationality Act of 1952 requires each alien residing in the United States on January 1, 1968, to report his current address to the Commissioner of the Immigration and Naturalization Service within the period from January 1 to January 31, 1968.

The address report cards to be used—a manila punch-card similar to that which was used last January—will be furnished to postmasters next month. Distribution to the public will not be made until the first day of January.

CHAPTER 735

Encourage Trick or Treat collections in the hours before twilight or darkness. Have competent supervision for the younger Trick or Treaters.

Do not leave breakables or obstacles (tools, ladders, children's playthings) on steps, lawn or porches.

Check your child's costume to see if it is light in color so he can be seen at night and apply reflective bands.

Is the costume flameproof and the right length so that it will not trip him?

Will the costume allow him freedom of movement (no billowy or streaming parts to catch on bushes, hedges or fences)?

Make sure hats are securely tied so that they will not slip.

Make-up is much safer than any kind of mask which may obscure vision.

Heavy boots, high-heeled shoes, or dangling strings may trip a child if he tries to run. Include well-fitted shoes for ease in walking.

Children should use sidewalks and not walk in the street except at crosswalks or intersections. Remind them not to run between parked cars.

Walk fast, but don't run, and be alert for cars.

Follow these rules and have a safe and sane Halloween.

Gas cooking makes sense.

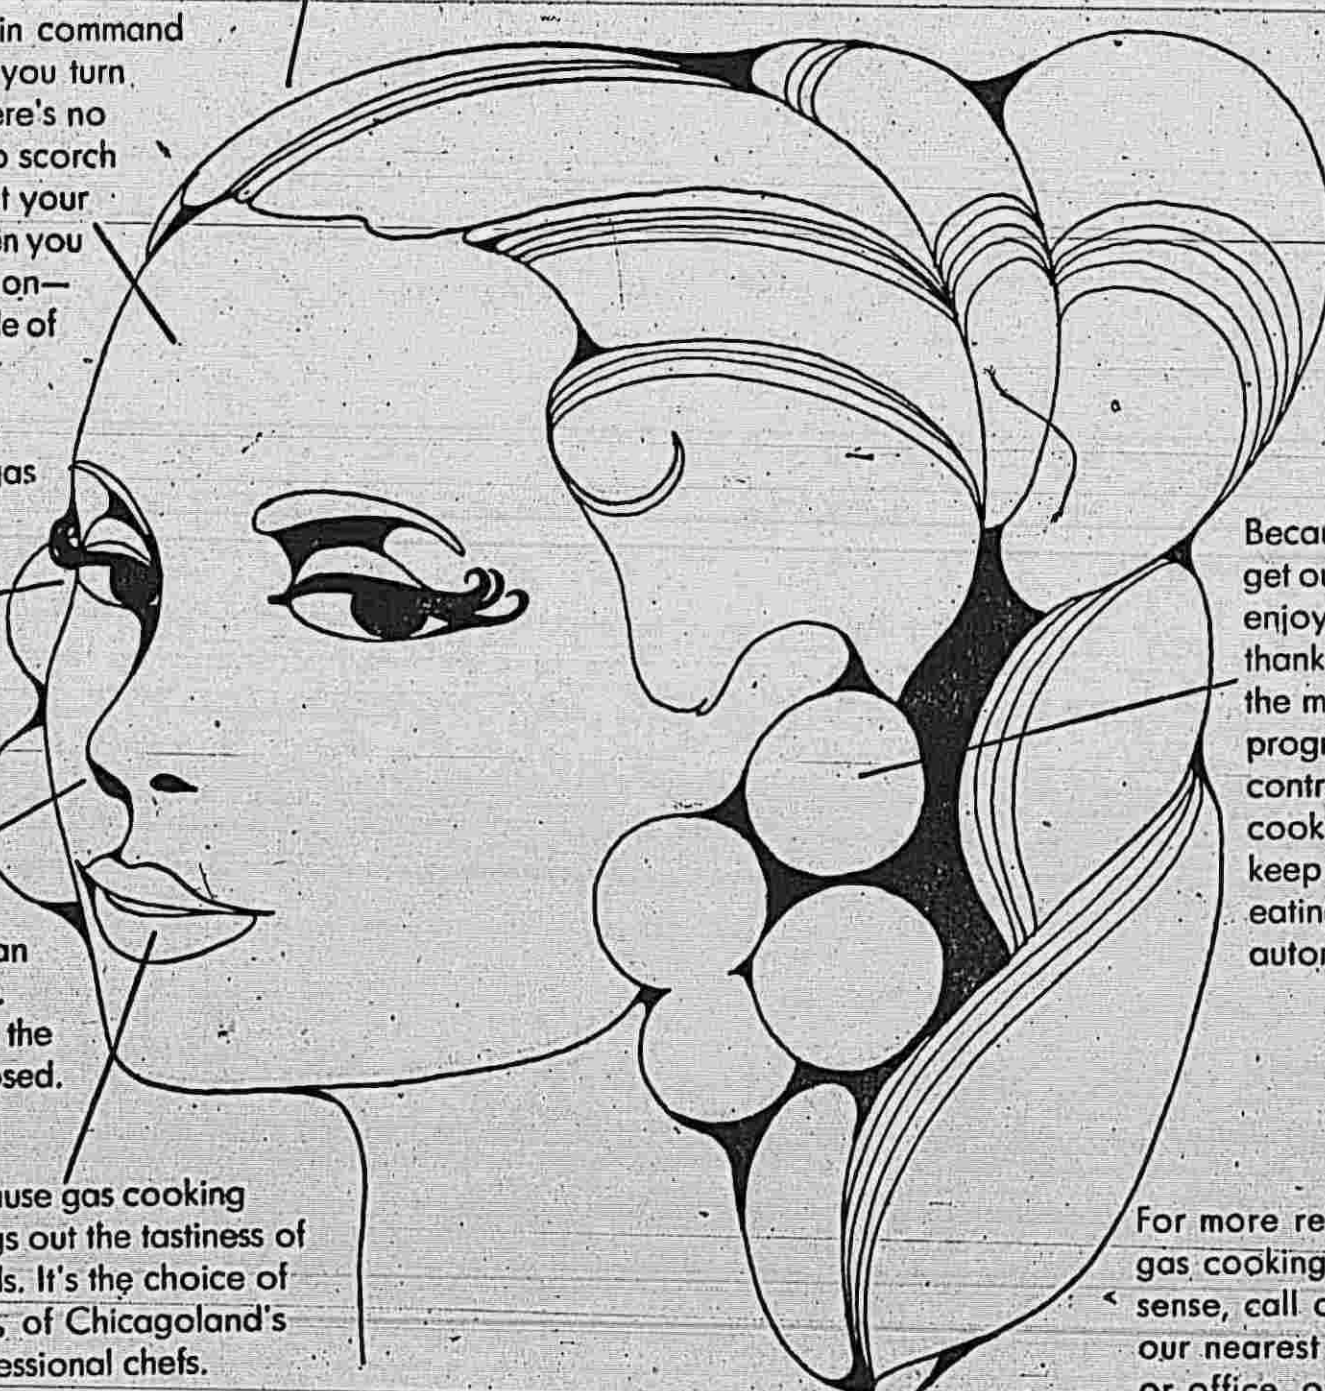

Because today's new gas ranges give you more features per dollar than any other range—actually cost less to buy, less to use.

Because you're in command with gas. When you turn it off, it's off. There's no hangover heat to scorch food or overheat your kitchen. And when you turn it on, it goes on—to the exact shade of heat you want.

Because modern gas ranges are so colorful and beautifully designed, they add glamour to your kitchen.

Because gas broiling is clean and smokeless. You broil with the oven door closed.

Because gas cooking brings out the tastiness of foods. It's the choice of 95% of Chicago's professional chefs.

Because you can get out and enjoy life more, thanks to the many programmed controls that cook things and keep them eating-warm, automatically.

For more reasons why gas cooking makes sense, call or visit our nearest store or office, or see your appliance dealer.

Antioch Sequoits Drop Heartbreaker To L. F.

Saturday's game at Lake Forest was a heartbreaker for the Sequoits. They lost a hard-fought game to Lake Forest, 20-12.

"I was never prouder of a team than I was of these boys Saturday," Coach Roy Nelson said. "They played their hearts out, and they played good ball. It was a tough one to lose. Well, we'll just have to hope that Round Lake beats them, and then we'll beat Round Lake."

Saturday (October 28) will be Parents Day at the Antioch High School football field. The Sequoits will be

Sorenson to Hodgkinson with 47 seconds left in the quarter resulted in Lake Forest's second touchdown. Antioch's Fred Koch blocked the kick for the point by Barry, and the score stood Lake Forest 13, Antioch 6 as the half ended.

Antioch again drew within one point of the Lake Forest score in the third quarter. Their second touchdown drive started when Zancz intercepted a pass on the Antioch 44 yard line. Antioch drove 38 yards on a series of first downs, and Owens tossed an 18 yard pass to Gregg Drije with twelve seconds left in the quarter for the TD. The pass from Owens to Drije for the extra point was incomplete.

Lake Forest finally iced the game in the fourth quarter with a drive starting on the Lake Forest 27 yard line. The TD came on a 4 yard run by Barry off right tackle. The extra point booted by

Barry was good and the game ended Lake Forest 20, Antioch 12.

Lake Forest moved the ball only seven yards more from the line of scrimmage than Antioch. Antioch gained 305 yards, 136 on the ground and 169 in the air. Lake Forest gained 312 yards, 176 on the ground, 136 in the air.

Lake Forest intercepted four Antioch passes, while the Sequoits intercepted two L. F. passes. Zancz grabbed one, Jim Carlson the other. Lake Forest players fumbled four times, one of which the Sequoits recovered. There were no fumbles by Antioch players.

The Sequoits ran 59 plays and punted three times. Lake Forest ran 69 plays and punted five times.

The Sequoits drew three 15-yard penalties; Lake Forest drew two 15 yard penalties. Antioch TD—Camp (3-yd. pass from Owens); Drije (19-yd. pass from Owens).

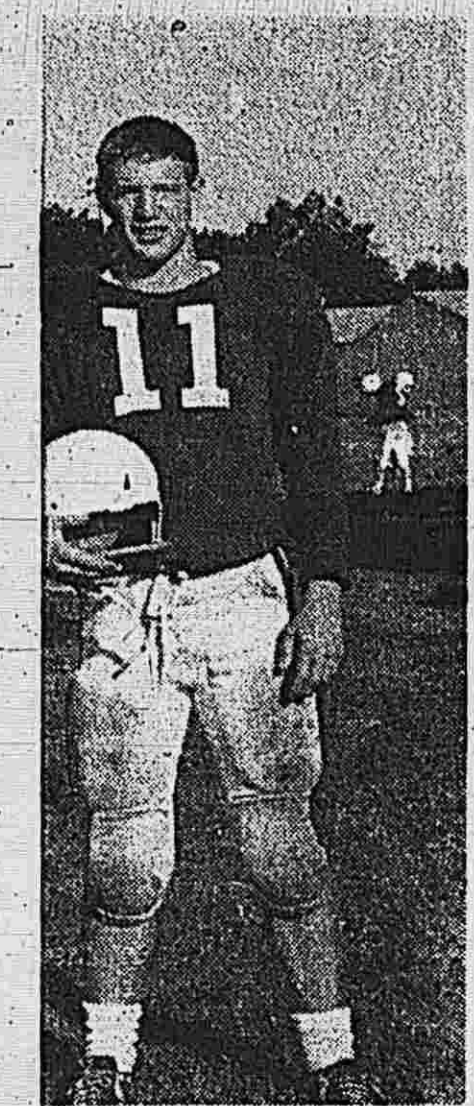

defense with 18 tackles and 5 assists, with Smith, Mazer, Effinger, Ryan, Jennrich, Drije, Zancz, Davis and Koch, and Carlson all contributing to holding Lake Forest. Smith contributed ten tackles and four assists; Mazer seven tackles and one assist; Effinger seven tackles and one assist; Jennrich twelve tackles; Larry Ryan, five tackles; Gregg Drije, eight tackles; Ralph Zancz, twelve tackles and one assist; Larry Davis, six tackles; Fred Koch five tackles, and Carlson, five tackles.

Bill Nader whose shoulder was injured during the first half, carried the ball 56 yards for Antioch.

Lake Forest started the scoring in Saturday's game with a touchdown in the first quarter with 9 min. 34 seconds to go. Jim Teskoski returned the kick-off from the Lake Forest 9 yard line to Antioch's 43 yard line. Lake Forest drove down the field to a TD in ten plays, culminating in a six-yard pass from Tom Sorenson to Bill Hensel. Dick Barry kicked the extra point.

the second quarter. A punt was received by Ralph Zancz on Lake Forest's 42-yard line and returned to the Lake Forest 29 yard line. A 15 yard penalty against Lake Forest moved the ball to their 14 yard line. The Sequoits drove to the Lake Forest 3 yard line, and scored on a short pass from Steve Owens to Dave Camp. Another pass from Owens to Camp for the extra point was incomplete.

The score was now 7 to 6, and the Sequoits held Lake Forest until late in the quarter. Then Sorenson intercepted an Antioch pass. Lake Forest drove from their own 36 yard line to Antioch's 9 yard line. A pass from

Antioch Harriers Take Conference Crown

The Antioch harriers won the Conference Championship at the Crystal Lake meet last Friday.

Antioch won the meet, scoring 49 points. Grant followed with 57, Warren had 59 and Lake Forest 80.

Chuck Denman was leading runner for the Sequoits, finishing fourth. He was followed by Bill Effinger, seventh; Bob Biaggi eighth; Jim Mair, fourteenth; Mike Polley sixteenth; John Mikosh, seventeenth; and Tom Effinger, eighteenth.

Coach Adrian Mueller commented, "I said the team that had all its boys performing 100% would win, and I think that's what happened. Our boys did, some of the

other teams didn't. The kids did a wonderful job."

The Antioch harriers also took the Cross Country crown last year.

SOPHS FINISH THIRD

The sophomore team finished in third place in the conference. Clarence Archer was Antioch's leading runner, finishing 4th. Gary Kneip was 10th, Mike Griffin 14th and Jack Turner, a freshman, 16th.

The sophomores lost Tom Effinger, a freshman, to the varsity for the meet. "I think they might have won if they'd had Tom," Mueller said. "Turner came through for us Friday—this was his first conference meet and he did fine."

LOSE MEET

Antioch lost in the three-way meet with McHenry and Grant October 17. McHenry won with 33, Grant was next with 39 and Antioch trailed with 48 points.

Denman lead the Antioch runners, followed by Effinger, Biaggi, Jim Mair and Tom Effinger.

Antioch will go to the District Meet Saturday at Libertyville. This meet will decide which runners will go to the State competition.

BOWLING

Monday Night Tavern
October 23

The Open Door—Tavern paced by Harry Pavel (211-541) took over 1st place all alone by trouncing the Antioch Bowl three games.

Brass Corners brought out their 6th man Gene Bye (200-187-188—575) who led them to three wins over the luckless Helvetia Hotel.

Dee Gae Lounge continued to move, with Dick Schuth (198-177-183—558) leading the way, they won two games from Cole's Tavern. Stanley Binkowski (204-519) for Cole's.

Bob Gossman brought his ball with him and rolled a fine 200-188-179—567, helping Pat's Lounge win three games from Joe Muskat (194-547) and the Red Arrow team.

"The Mighty" Angel continues to score well (192-553), but with the Anchor Angel dragging his feet, The Angels could only win two games from Kemp's Tavern.

"Wiggy" Bolton (187-199-201—587), the league high bowler for the night, had no help from his Old Orchard teammates, dropped three games to Bob Steiskal (195-554) and the Johnson Resort team.

THE ANTIOCH NEWS 6

These five sophomores Sequoits were getting some special instructions in ball handling from Coach Andy Hauptman last Friday. Left to right, Coach Hauptman, Rick LaChance, Terry Triplett, Kevin O'Neill, Louie Nielsen and Irv Nevett.

Unbeaten Sophomores Squelch Lake Forest

The Sequoit Sophs football team staved defeat in the face Saturday afternoon at Lake Forest but refused to yield. They handed the sophomore Scouts a 19-14 defeat on the losers' field roaring from behind with two spine-chilling touchdowns in the last quarter for their margin of victory.

It looked as though the junior Sequoits had everything under control as they took the initial kickoff and marched 60 yards in eight plays for their first TD. Rick LaChance took the ball over from ten yards out for the first score. The extra point try failed.

Lake Forest scored with 47 seconds left in the first half and left the field at half time leading, 7-6. This was the first time this year that the junior Sequoits were behind in the scoring.

Lake Forest came out strong in the third quarter and scored their second TD in one minute and six seconds, to lead Antioch 14-6.

At this point, the Sequoit defense took over as the offense faltered. Terry Triplett provided the driving force for the Antioch defense, making eight unassisted tackles. Kevin O'Neill turned in a brilliant performance on defense by intercepting five Lake Forest passes. Don Carlson did a fine job at defensive end. Carlson has been plagued with injuries all year but refuses to be stopped. After the game, Don was taken to the hospital.

Antioch scored its second TD with only 7:54 remaining on the clock in the fourth quarter. Quarterback Louie Nielsen pitched a pass to Kevin O'Neill, who in turn threw a 34-yard pass to Rick Nelson to put the ball on the Scout's one-yard line. LaChance took it over for the score, and Lake Forest still lead, 14-12.

Terry Triplett then intercepted a pass to give Antioch

the ball again. Quarterback Nielsen threw a pass to Triplett, who ran and twisted for 23 yards to an Antioch TD. Kevin O'Neill made the extra point and with 5:09 remaining in the game Antioch lead 19-14. This proved to be the final margin of victory.

Coach Hauptman cited aid from the bench, taking pressure off the first stringers, as an important point in the victory.

Hauptman pointed out that Erv Nevett, who had never played linebacker in the game before, was pressed in to duty to take the place of injured Jim Rockow. "Even though he didn't do quite the job I expected of him, he helped in the victory," Hauptman said. "Our line did its usual job on offense opening big holes for the back, but we hope to get much better work from our defensive line this week."

"This was the finest come-from-behind victory any of my teams has ever turned in, even when I was working on the varsity level," Hauptman said.

Coach Tharp commended the adjustment made by the offensive and defensive lines in the second half. Tharp said, "Rick Nelson was a real standout. We always get a good performance from Rick, but Saturday Rick was at his best. He made some brilliant pass receptions to set up TD's and did an outstanding job at safety. Rick is to be complimented along with Triplett, O'Neill, LaChance and the other boys for their outstanding per-

formances in a hard-fought football game."

"This is the first time an Antioch football team on any level has beaten a Lake Forest team at Lake Forest. It would be fitting if this team would finish the season undefeated. Every Antioch fan should turn out Saturday to see these fine young athletes play their last home game against Grayslake." The sophomore game starts at noon.

how good are A&P frozen vegetables?

Read on... you be the judge.
 The best vegetables are Grade A.
 Every package of A&P Brand Frozen Vegetables is Grade A.
 Pick up a package.
 You'll see, "Grade A" is printed on every wrapper.
 Do you have a different brand in your freezer?
 Check it, See if it's labeled Grade A.
 Surprised at the quality of A&P Brand Frozen Vegetables?
 Not if you're an A&P shopper.
 After all, it does bear the A&P seal.
 What more is there to say?
 Just this:
 You won't believe the prices... they're so low.
 Are A&P Brand Frozen Vegetables a good reason for shopping A&P?
 They're one of many.
 P.S. There are exceptions:
 Potato Morsels, Cottage Fries, Whole Peeled Potatoes.
 That's because today there are no standards for Grade A on these items.
 But don't worry. There are none finer.
